# NOTICE

Postal Regulations Make it Necessary that we discontinue mailing papers to persons who are behind with their subscriptions to The Marlinton Journal. During the past several years we were allowed by the authorities to continue sending papers to those who could not afford to pay, we are now faced with the necessity of dropping many who could pay, but have neglected to do so.

Through an agreement the date for dropping delinquent subscribers has been set for April 1. We are not asking full settlement from those on whom it would work a hardship, but merely requesting that you pay whatever amount possibly at the present time.

ALBERT L. CROY, manager.

# MARLINTON METHODIST CHURCH

# POCAHONTAS--THE BEAUTIFUL

## The Mountain County of The Mountain State

### LOCATION

Varying from 2000 to 4000 feet above sea level, Pocahontas County has an average altitude exceeding that of any other county east of the Rockies. A score of its lofty peaks exceed 4000 feet, and this highland, known as the "Birthplace of Rivers", contains the fountain-heads of Tygart's Valley, Cheat, Elk, Greenbrier, Williams, Cranberry, Gauley, and Cherry Rivers flowing westward to the Ohio, while a small area in the extreme eastern part of the county drains into the Potomac and the James.

### FISH AND GAME

The Greenbrier River is noted for its bass fishing, while scores of the smaller streams contain trout. Some of these trout streams are accessible by automobile, while others must be reached by hiking. A trout hatchery located in the county insures an abundant stock of fish. Some bear are killed and, in season, deer hunting is excellent.

### TRANSPORTATION

The Western Maryland and the Chesapeake and Ohio traverse the county. The historic Staunton and Parkersburg Pike—now U. S. 330—crosses the northern part of the county from east to west, while the Seneca Trail—U. S. 119—and routes 42 and 43 make a most direct route north and south between Pittsburgh

and White Sulphur Springs.

### ACCOMMODATIONS

A number of excellent tourist's homes are located at convenient points. Cabins may be rented about Droop Mountain, Slaty Fork, Minnehaha Springs, and Dunmore. Lodging may be secured in any village and in some farm homes. At Marlinton, the county seat, is the Marlin-Sewell, one of the best hotels in this section of the State.

### CLIMATE

A delightful mountain climate with its pleasant days and cool nights is ideal for tourists who enjoy camping. The fine valleys and mountains offer abundant sites for summer homes.

### HISTORIC INTEREST

If you are interested in history, visit the battlefields of Droop Mountain, White Top of Cheat, Bartow, and Top of Allegheny. At Marlinton you may see the oak marked by Andrew and John Lewis in 1781 as a corner of the first survey made by the English on the west side of the Alleghenies. Marlinton also claims title as the first permanent English settlement made west of the mountains, and this claim is based upon the fact that John Marlin and Stephen Sewell established their home in a hollow tree in what is now the town of Marlinton in 1743.

The original Indian Trail, known

as "The Warriors Road," established by the Iroquois along the mountains from Northern New York to Georgia, may be distinctly seen at a number of points in the county. Pioneer forts were located at Hillpoint, Marlinton, Greenbank, and Dunmore.

### SCIENTIFIC INTEREST

If you are interested in botany, search the Cranberry Glades where Post-Glacial conditions remain. If you are a geologist, see the Knapp's Creek Anticline near Haverhill, hunt trilobites on Elk Mountain or in the Knapp's Creek chert beds, visit Marble Mountain in the Levels and the ancient coral reefs near Buckeye, collect fossils from the Greenbrier Big Limestone which runs through the county from north to south.

### INDUSTRIAL OPPORTUNITIES

While Pocahontas County is better adapted as a playground than as an industrial center, there are some desirable sites for small woodworking plants, where material and labor are to be had. The electric power which recently extended into the county provides cheap power for manufacturing. While little prospecting has been done, it is believed that some valuable minerals are to be found in the county. There are immense ledges of excellent marble awaiting development.

### POCAHONTAS PEARLS

To the imaginative tourist the title of this article might indicate that genuine pearls are to be found in Pocahontas County. Pocahontas pearls have a more intrinsic meaning to the dwellers of this county so rich in early pioneering history.

Our pearls are our mountains the Allegheny range whose various green covered elevations harbor rare beauty from one end of the county to the other. From the black spruce-covered uplands to the delicately-needled white pine in the lowlands nature supports a wide variety of plant and animal life.

Pioneering initiative in clearing the forests and subsequent industrial development have not detracted from the beauty of the county. Instead, a government aware of the need for conservation has through the C. C. C. made plans to intensively develop this county for present and future use of the public.

The Monongahela National Forest largest in the east generously spreads part of its great boundary over Pocahontas County. At Marlinton the county seat and at Durbin we find ranger headquarters of the United States Forest Service.

On good roads one can reach the Seneca State Forest and Welchs State Park both located within the Monongahela National Forest. Here CCC camps have beautified a forest and park by making them more ac-

cessible to the public. An artificial lake, attractive log cabins, well built foot trails through rhododendron and laurel make a trip worthwhile. Wild life in the form of deer, wild turkey, grouse, squirrel, and other game may be seen if the visitor is alert and quiet.

The West Virginia Conservation Commission has recently completed an attractive group of buildings housing a trout hatchery near Elroy. Here millions of eggs are hatched each year and later as fingerling fish will be deposited in the numerous trout streams in the county. Also there are bass streams to entice the skill of the angler.

The green broad valleys are overlooked by fire towers located at strategic points on high mountains. These fire towers are the eyes and the ears of the forest fire control organization. Each spring and fall and sometimes in the summer when it is dry alert observers watch the forest for possible fires. Some of these towers namely Michael Mountain, Paddy Knob and Smokecamp can be reached by road. Visit one of these towers especially Paddy camp near these towers while enjoying the view. Nature calls to you to come to Pocahontas County where you will find nature's pearls perfect.

There are ideal places to picnic and Kinky towers—elevation 4034 feet and get an exhilarating view of the country.

MARLINTON, WEST VIRGINIA, THURSDAY, JULY 29, 1937

NUMBER 24

# STATE PARKS OPEN

The promise of happy living in the outdoors as freely found high in the mountains has become a reality here in Pocahontas county when the Bureau of State Parks of the Conservation Commission formally opened vacation areas to the public.

The efforts by Civilian Conservation Corps workers under the supervision of architects and engineers of the Conservation Commission and the National Park Service of the Department of Interior will bring visitors a diversity of recreational opportunities difficult to match. Cans was taken not to reveal the naturalness of the surroundings, but rather to emphasize it. Here one may find cabins almost hidden from a passer-by a hundred feet away by thickets of rhododendron, pine and hemlock; clearly defined paths with the scars of construction following; picnic grounds in the quiet of the forests waiting for the hiker; streams murmuring the song of waters as they tumble over rocks; glacial lakes, vic-

ious, shaded bridge paths, impressive crags and islands of rock, sheer slopes restrained by the fingers of the forest, and wild life, both plant and animal, which make Pocahontas' mountains such a glorious place.

The kind of an outing a visitor may have in Pocahontas county cannot be duplicated any place else in the United States. The diversity of recreational opportunity which may be had enables a prospective vacationist to select any section of the county according to his mood. If he likes complete relaxation he may find it. For rugged and impressive surroundings with ample opportunity for more strenuous endeavor such as mountain climbing, swimming and trout fishing our county affords them. For the delights of living off the land at the foot of rugged mountains and if he feels crowded for space he may try the 10,925 acre Watoga State Park in the heart of Pocahontas county, which contains most of the diversions, both restful and active.

Accommodations of various types have been made ready for use, but because the parks are open, work on adding to these accommodations will not cease. The CCC will continue to build new cabins, construct new paths, lakes, picnic spots, and look-out houses, landscape areas where construction is already complete, and perform the hundred of other functions it is called upon to do.

The Conservation Commission emphasized the statement that work is not finished. Work will continue not only during this summer but in future years so long as the CCC is available, or until the last detail is complete. The parks are not a finished product like a brightly painted new toy, but sufficient facilities are complete that the commission feels the citizens of this state should begin the use of the areas so far as possible.

Efforts will be made not to disrupt vacation activities with this construction and development near cabins

that are rest. Should any minor inconveniences occur, the commission hopes the guests will understand the situation.

Rules and regulations were adopted as the result of careful study of experiences in other states already operating parks. They are designed to take advantage of their experiences so as to facilitate operation, making it as free from annoyance to the visitor as possible. Some may be modified as conditions peculiar to West Virginia dictate.

Cooperation is earnestly requested. The commission reminded prospective visitors that since this is the first year of operation, some adjustments will probably have to be made as time goes on, and some allowance should be made until the system can get into proper working order.

### DISTANCE TO WATOOGA PARK

Distance from the larger cities of West Virginia to Watoga State Park highway—now U. S. 219—is as follows:

Beckley	126 miles
Bluefield	134 miles
Charleston	165 miles
Clarksburg	135 miles
Fairmont	150 miles
Huntington	217 miles
Parkersburg	217 miles
Wheeling	219 miles

From the skyline drive atop 2,709 foot high Workman Ridge to the cool green waters of the Greenbrier River, Watoga State Park offers a wide variety of vacation joys.

Nature's 10,925 acre estate in Pocahontas county, once scene of bloody warfare as Indian tribes sought to appropriate its excellent hunting for themselves now is a peaceful, yet inspiring retreat in the heart of the rugged Allegheny mountains.

History envelopes today's development in an aura of romanticism reaching into the days when Seneca Indians marched over the nearby West Virginia to Watoga State Park highway—now U. S. 219—to exploit (Continued on page 8)

Make application, enclose \$5 in check or money order for registration fee, which is applied on rental charge and mail to:

"Conservation Commission,  
Division of State Parks,  
Charleston, W. Va."

Rentals will be \$10 to \$30 per week depending on size of cabin and number of persons in the party. For example, standard sleeping accommodations in cabins are:

One room, 1 double bed ..... \$10 per week.

Two rooms, 1 double bed, 1 cot .... 15 per week

Three rooms, 2 double beds ..... 20 per week

Four rooms, 2 double beds, 2 cots 30 per week

All cabin, including the ne-room which are 14-22 feet, can accommodate some extra cots. The charge for these is 35c a night for canvass and 50c a night for steel.

### **Your Cabin Will Be Furnished With**

Screens for all doors and windows.

Logs and other wood for fuel in fireplace.

Bed or beds, hand worked by CCC enrollees, in pioneer style finished in Cape Cod Maple.

Coil springs and 50 pound felt mattress.

Chest of drawers.

Oil stove for cooking.

Dining table, hand finished.

Straight chairs.

Split bottom rockers.

Stools and benches.

Pots and pans.

Chinaware sufficient for number accommodated by cabin.

Silverware.

Hand, bath and tea towels and dish cloths.

Sheets, blankets and pillow cases.

Curtains.

Electricity for lighting.

Indoor toilets.

Shower bath, hot and cold running water.

Hand forged iron fixtures.

Stone fireplace.

Cabins are of log and native stone construction.

## POCAHONTAS COUNTY POTATOES THE BEST

Above is a view of the vast potato field on the up-to-date farm of G. M. Sharp, above Minnehaha Springs. Mr. Sharp is one of the leading potato growers of the Greenbrier Valley.

Pocahontas county is fast taking rank along with Maine as the leading potato producing section of the United States and the product of this county is of a far better variety than that of the northern state.

This year approximately 2,000 acres of potatoes have been under cultivation in the county and from the yield of the early spuds it is estimated that the total yield for the year will go far over the 200,000 bushel mark. Under the supervision of C. P. Dorsey, county agent, the farmers of Pocahontas county have started raising this commodity on a greatly increased scale and it is expected that some 200,000 bushels will be produced next year.

The Fair Association has recognized the importance of this farm product and have inaugurated a special Potato Show for the fair this year and are offering the following prizes:

Green Mountain, one peck			
Russett Rurals, one peck	\$2.00	1.50	1.00
Smooth Rurals, one peck	2.00	1.50	1.00
Irish Cobbler, one peck	2.00	1.50	1.00
Any other variety	2.00	1.50	1.00

Upon the invitation of the Staunton Fair Association the winners of each group here will be taken to the Virginia Fair in Sept.

per cent. a death—even though of  
oline consumption, but substantial  
traffic conditions, increased 13 per  
cent.

These states weren't "just lucky." Chance didn't save the lives of the citizens. According to the National Safety Council, all but two of the states carry on aggressive programs of safety engineering, law enforcement, education, legislation, etc. The same authority reports that in none of the remaining 30 states was anything done to prevent the Grim Reaper's grisly harvest.

There are two prime causes of automobile accidents. One is the reckless, incompetent and careless driver. He can be curbed to a certain extent by up-to-date traffic laws which are honestly and rigidly enforced.

The other cause is dangerous, "accident prone" locations—bad road sections, narrow highways with dividing areas, etc. Here the highway engineer must be called in to eliminate such needless hazards and thus make it virtually impossible to have an accident.

"Make our town safe" should be the community motto. It's high time the New York Times says, "shook off our comparative indifference to this man-made disaster and began campaigns in earnest."

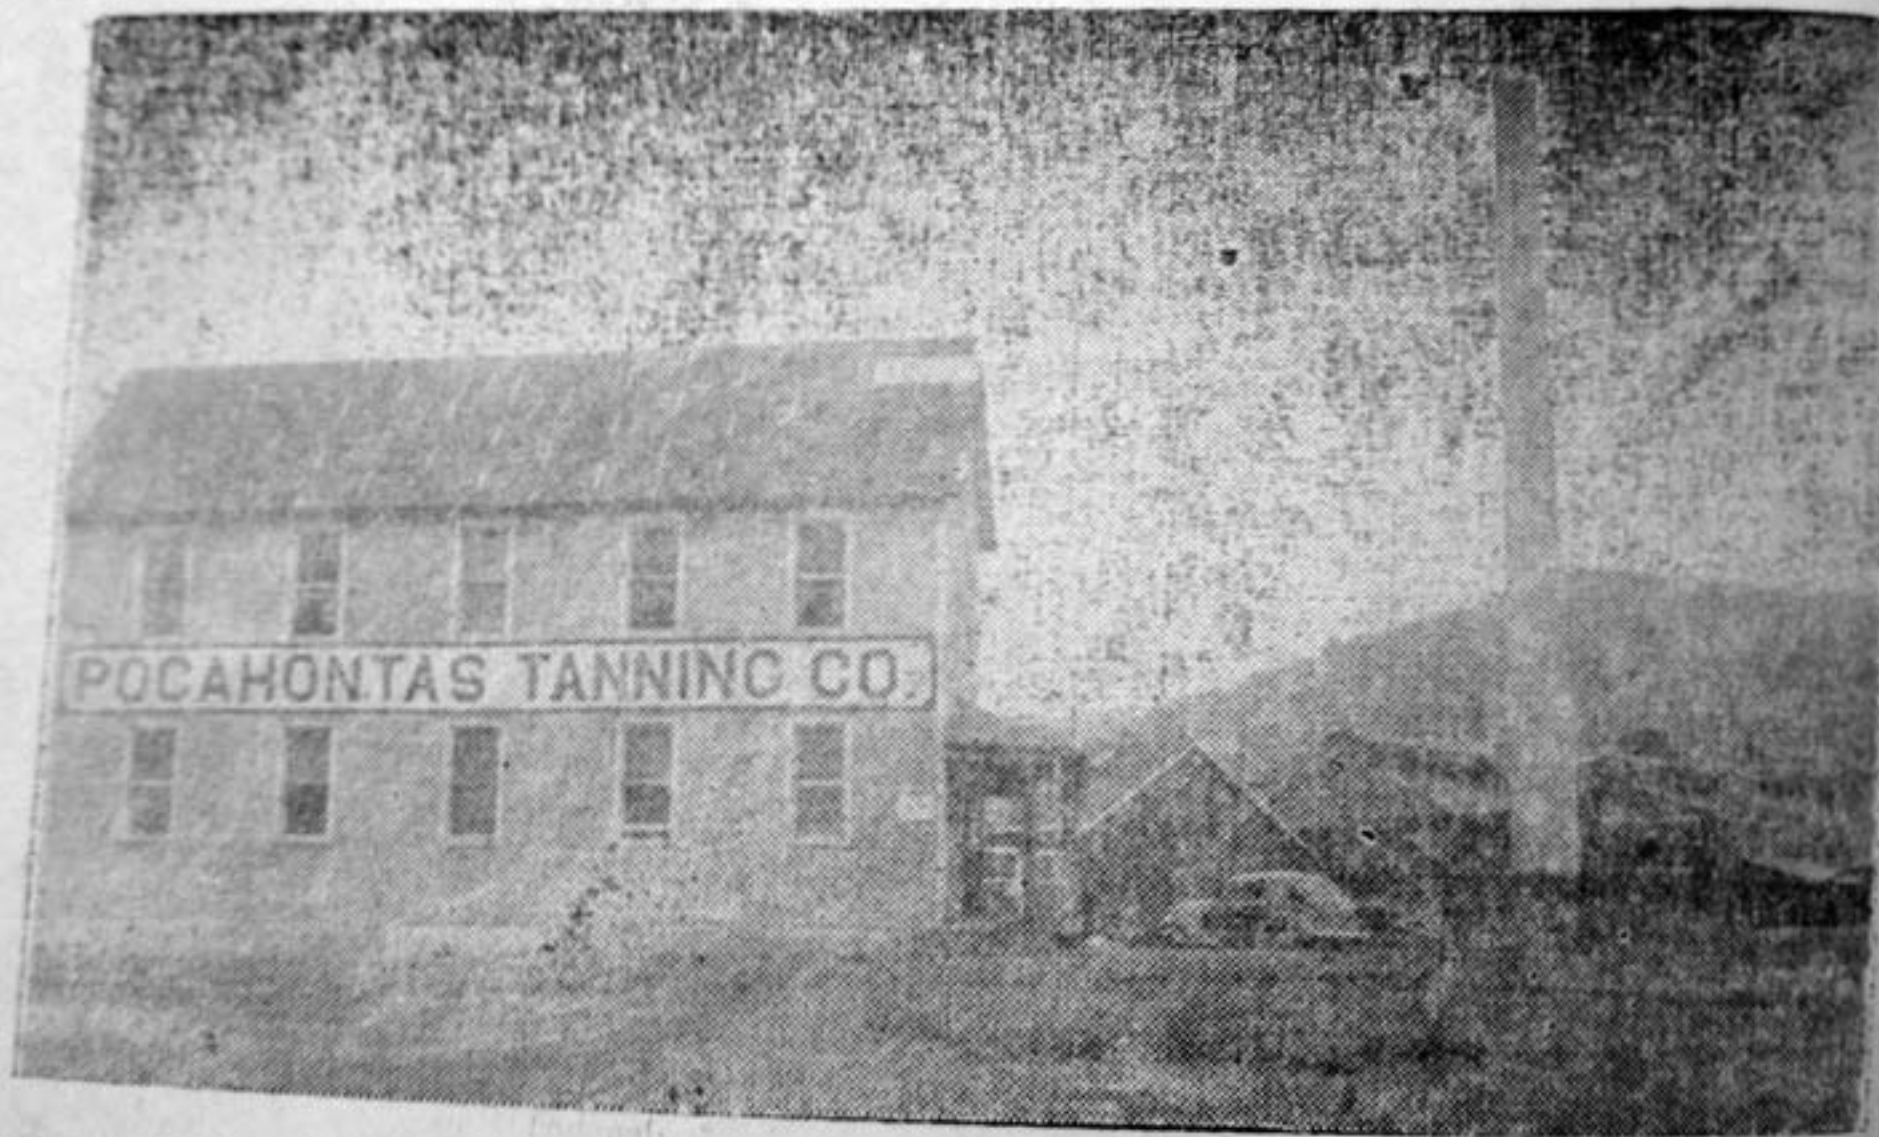

#### GOV. HOLT IN INDIAN

FT. BENJ. HARRISON, Ind., July 27.—Governor Homer A. Holt of West Virginia was welcomed by Benjamin Harrison, by a gun salute as he arrived on Sunday, Saturday, July 24, to the nineteen hundred Otis Military Training Camp Cadets are 464 young men from West Virginia attending the camp.

As a climax to their training period, the CMTC marched in review before the officers, friends and relatives to show that they are no longer "rookies."

Following the ceremonies, a dinner was served at the Fort to

should not bring in or send any special favors just for their own children. Well balanced menus have been planned to give the campers plenty to eat.

Campers are requested to bring the following equipment with them: knife, fork, spoon, tin cup, tea towel,

Only Club members whose projects are reasonably near completion are eligible to attend camp.

Mrs. Hugh Rhea spent several days visiting relatives at Frost, last week.

## HOME COMING

Every week in the local newspapers we read of some family reunion. These reunions are very interesting and enjoyable in keeping alive the genealogy and relationship of family names.

Instead of meeting and having your reunions at different localities every year, why would it not be a good idea to meet every year at the POCAHONTAS COUNTY FAIR and have your family reunion, and also enjoy the Fair and its exhibits? There is sufficient room on the grounds for a picnic dinner, either on the upland in the rear of the grand stand or along the banks of the beautiful Greenbrier which flows along the entire eastern border of the fair grounds. As many reunions as would want to meet would have plenty of room on the grounds.

Why not make it an annual affair, starting this year?

## Old Time Exhibit

The Fair will soon be here, and when you are getting ready to bring your exhibits of food products, grains, needlework, and other things, do not forget the OLD TIME EXHIBIT. Bring along something with you.

Antiques must be fifty years old or over.

The premium list is different this year, and it is as follows:

	1st	2nd
Old China	\$1.00	.50c
Old Glassware	1.00	.50c
Old Books	1.00	.50c
Old Brass or Copper	1.00	.50c
Old Stamps or Letters	1.00	.50c
Old Dolls	1.00	.50c
Old Glass Goblets with Stems	1.00	.50c
Most unique Antique not listed	1.00	.50c

her than if not treated. There will be more clover and more bluegrass in the pasture, and the forage produced will be richer in protein and minerals than it would if untreated.

As a result of these improvements the pasture will produce more milk and beef per acre and pay big dividends on the amount invested in making the treatment.

Mr. Dorsey recommends using 500 pounds of 20 percent superphosphate per acre and a smuch lime as is needed. He suggests having a representative sample of the soil tested now for lime requirement, and that whatever arrangements need to be made to obtain the lime and fertilizer required be made now so as to have it available for use at the time it should be applied.

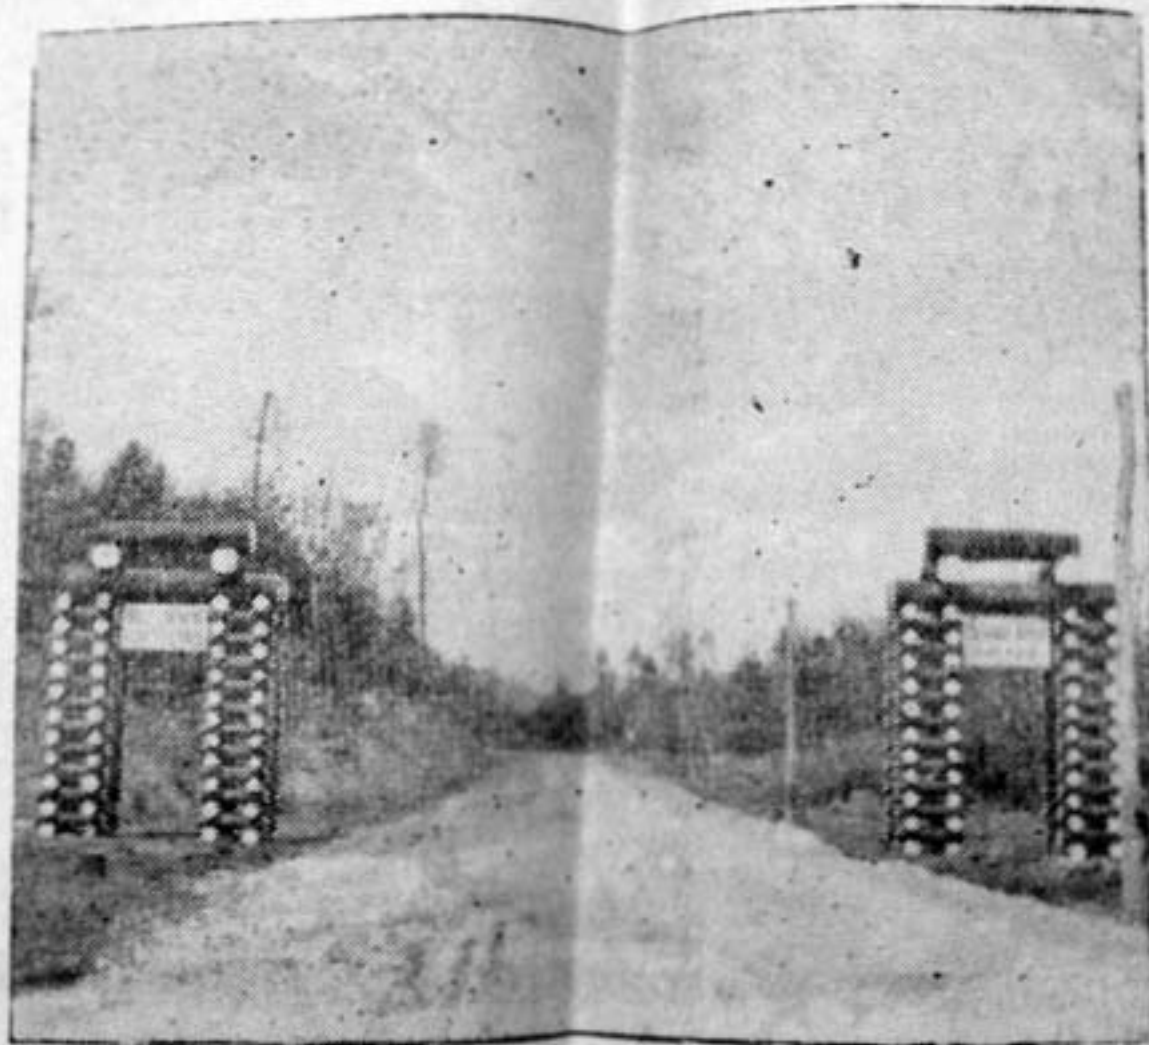

If such a treatment is given every ten years, permanent pastures can be

West Virginia Agricultural experiment station at Morgantown in cooperation with the Bureau of Animal Industry, U. S. Department of Agriculture, Washington, D. C. The survey also indicated that the pasture meat from the younger calves is slightly less tender, according to mechanical test, and less juicy, according to a palatability test, if the treated meat from the calves.

In other studies carried on by department of animal husbandry comparisons of the feeding value of ensilage made from an ensilage variety of corn, Cooke's Prolific, Boone County White, a variety usually grown for grain, were made using both steers and heifers. Larger gains were made on the silage from the Boone County variety than on the dry-matter basis.

### REV. J. B. GRIMES PASSES AWAY

Rev. John Barnet Grimes, of Hillsboro, age 70 years, 1 month and 20 days, died Saturday, Dec. 14. in the Pocahontas Memorial Hospital. He had been ill for several weeks with a heart condition.

Funeral services were conducted from the Emmanuel church of the Hillsboro charge., Monday afternoon, Dec. 16. Rev. J. H. Light, assisted by Rev. B. W. John and Rev. J. D. Pope, officiated. Interment in the adjoining cemetery with the Masonic Order in charge.

Surviving are his wife, Mrs. Serene Bruffey Grimes; two daughters, Mrs.

Bradford Swan of Holden; three sons, Dice Grimes, of Marlinton; Ulric Grimes, of East Rainelle, and Clyde Grimes of Harrisonburg, Va., one sister, Mrs. Lucy Hite of East Rainelle; one brother, James Grimes of Millpoint; two granddaughters and three grandsons.

Although Rev. Grimes' home was at Hillsboro, he had been a pastor of various churches in Virginia for the past 15 years. Having been at Covington and Mt. Solon, and at the time of his illness was preaching at Rockbridge Baths, Va.

He was a son of the late Allen and Sarah Grimes, and was born near Hillsboro. He spent most of his life in Pocahontas county where he taught school for a number of years, and was county superintendent of schools for eight years.

The deceased had been a member of the Masonic lodge for many years. He also belonged to the Beni Kadel Shrine of Charleston, and was a Knight Templar.

## DANCE NEW YEARS EVE AT MARLIN-SEWELL

The management of the Marlin-Sewell hotel announced Monday that only a few more reservations were available for the New Years Eve Breakfast dance which will be held at that popular hotel starting at 12:30 and continuing to 4 a. m. New Years. Only a limited number of tickets are being sold for this dance which is the second of a series being conducted by the hotel.

The dance is a variation from the usual ones held in Marlinton in as much as it starts as the new year comes in and continues until morning when a fitting breakfast will be served by the hotel, the breakfast being included in the price of the ticket.

The management is to be congratulated on their efforts to furnish high class amusement to the residents of this city and county.

Reservations may be made at the hotel office.

## FARMERS TO BE ASKED TO JOIN COUNTY FARM BUREAU

The Pocahontas County Farm Bureau announces its intention of inviting every thinking farmer in the county to join the Pocahontas County Farm Bureau organization in a county-wide drive, following a one day training school to be held May 20th.

There never was a time when it was more vitally necessary for all farmers to unite together to protect and promote their interest. We believe the farmers of Pocahontas County will rally to the great opportunity they now have to individually aid in establishing a permanent policy for agriculture.

"What is the Farm Bureau and what does it stand for?" Is a question often asked. It is a vast organization comprised of more than 15,000 community units located in 37 states. Its aim is to advance agriculture, and in that, it has become a clearing house on which the thinking farmer depends for information to help him to better understanding of his own business. It enables him to cooperate with his neighbor to solve many problems that cannot be solved by farmers individually. To an increasing degree it is becoming the voice of the farmer in those problems.

The voice of the individual in this highly organized world, is, as the still small voice crying in the wilderness. It goes unheeded and unanswered. That voice must be united with thousands of others to command attention. The combined influences of many can write justice into the law, stop exploitation, equalize the tax burden, and secure fair returns for the most essential member of society, the producer of food. It would be difficult for the individual farmer to accomplish at the state capitol what

## LEO BAXTER CALLISON DIES

Leo Baxter Callison, aged 7 years, died at the Pocahontas Memorial hospital at Marlinton, Saturday morning after a short illness. Recently the child ran a splinter in his hand but the wound had practically healed when Tetanus set in, causing his death. He was the youngest child of Mr. and Mrs. D. M. Callison of Beard, and was a sweet lovable youngster.

Funeral services were conducted from the home Monday afternoon by Rev. John Light, assisted by Rev. Curry. Interment in the Old Droop church cemetery.

Surviving are his parents, one sister, Virginia Callison of Berea, Jy., and three brothers, Harry Hubert and Gilmer at home.

## DURBIN FIRST MODEL SCHOOL IN COUNTY

Superintendent Flynn has just received from the state department of education a list of the Standard Schools for Pocahontas county. The highest rating that can be given is to a Model School. Before a school can receive this rating it must have a total of 95 points out of 100, and in addition must have an average daily attendance of 94%. Due to the measles epidemic in the county, Durbin was the only school to be rated as a Model School.

First Class schools must have 90 points with an average daily attendance of 90%. The first class schools are:

Greenbank  
Cass  
Campbelltown  
Marlinton  
Seneca Trail  
Hillsboro  
Greenbrier Hill  
Pine Grove—G.  
Brownsburg  
Frost  
Buckeye

Second class schools are:

Minnehaha Springs  
Bruffeys Creek  
Seebert  
Beard  
Trump Run  
Draft  
Edray  
Dunmore  
Clover Lick  
Big Fill  
Cummings Creek  
Stony Bottom

## PETIT JURORS DRAWN

## GOOD GAMES BEING PLAYED IN MARLINTON KITTEN BALL LE.

Four strong teams have set their schedules in the local ball league, and already the fans are looking forward with a great deal of interest to the closest race that has ever taken place in this league.

With the teams evenly matched and led by so able players as Nottingham, "Heavy" Cooper, Buckley and Dr. Slaven, Marlinton is promised a great many evenings of entertainment on the high school field. Already games of 3 to 1 and 5 to 3 have been staged and the enthusiasm has rivaled that of school games.

League games are played on Monday, Tuesday, Thursday and Friday evenings at 5:45 o'clock and are being well attended. Wednesday evening has been left open in the schedule for the playing off of postponed games and a little later in the season the various teams of the league will cross bats with the team from the neighboring CCC camp on these open dates.

Mr. and Mrs. Fan and Little, prior, if you haven't attended the games during the past few days, have missed some good ball and hoped that you will be among the present at the next session.

## THREE SCORE AND TEN

The editor of this paper is anxious to obtain a list of those within a radius of 100 miles of Marlinton who have passed the, or are within 12 months of passing, the three score and ten mark.

Mary Mace, of Mace and Mrs. Jennie  
Ore of Belington.

---

## **WANTED**

---

I want to talk to an ambitious man desirous of bettering his position by qualifying to service, repair and install electric refrigerators and and install electric refrigerators and air conditioning systems. No experience necessary, but applicant must be mechanically inclined and willing to devote some spare time in training. Write for personal interview. Refrigeration Institute, Warner Bldg., Youngstown, Ohio.

## MRS. MARY TALLMAN

By Jessie Sheets

Mrs. Mary Etta Tallman, age 80 years, 6 months and 15 days, passed away at her home on Back Mountain, Tuesday morning, March 2nd.

Mrs. Tallman was a well liked citizen and will be missed by her many friends and relatives.

Her husband, E. R. Tallman, preceded her to the grave eight years ago. Surviving are three daughters, Mrs. Lucy Townsend, Mrs. Flora Galford and Mrs. Ella McCloud, all of Back Mountain; two sons, Frank at home, and William of Cass.

Funeral services were held Wednesday afternoon, March 3rd, in the M. E. church. The services were conducted by Rev. Naylor, of Durbin, with burial in the M. E. cemetery.

For the best adjudged essay written by any student of high school or junior high school grades a prize will be presented. The essay is to be on 'WHY I SHOULD GO TO CHURCH.' The grand prize will be a genuine leather bound Bible with the name of the winner printed on front cover in gold letters. A number of the best essays will be published in the local newspapers and the schools will give English credit to all who present an essay. The board of judges are the following: Calvin Price, Mrs. Paul Overholt and B. B. Williams. Denominational affiliation and politics are not to have any weight in decision of the judges. The merit of the composition will decide.

## RIVERSIDE NEWS

Miss Thelma Beverage is spend-  
ing several days at the home of Mr.  
and Mrs. C. T. Weatherholt.

Mr. and Mrs. Walter Mitchell and  
Mrs. Shrader, of Rainelle, spent Sun-  
day with Mrs. Mitchell's mother, Mrs.  
B. H. Hannah.

Sylvia and Betty Bright are quite  
ill with pneumonia.

Mrs. Wilbur Alderman spent the  
week-end with Mr. and Mrs. G. C.  
Hoover.

Mrs. G. C. Hoover gave a birth-  
day dinner Monday. Those present  
were: Mr. and Mrs. Henry Astin and  
daughters, Mayona and Helen and  
Mr. and Mrs. George Pritt.

Mr. Amos Sharp spent Sunday  
with Mr. and Mrs. Chas. Weather-  
holt.

Mrs. Birtha Dean has returned  
home after spending several days  
with Mr. and Mrs. Jim Dean.

The Greenbrier Lumber Co., was  
forced to shut down last week on  
account of eight men having the  
flu. The men were able to turn out  
Monday.

Roy Weatherholt is ill at his home  
with the influenza.

Leonard Cutlip is able to return to  
his work at Mill Gap, Va.

Miss Martha "Doots" Bostic is  
spending some time in Virginia.

## MAKES HONOR ROLE

Miss Caroline Olsen, student at  
Marshall College, was on the honor  
Roll of the Freshman Class for the  
first semester.

Basketball Tournament at  
Riverside, Friday and Sat-  
were: Phyllis Wiggins, Bessie  
Glady, Thelma and Annabell  
brack, Virginia Gwinn, Betty  
Elinor and Margaret Moore,  
Gwinn, Earl Smith and M  
Dunbrack.

## MRS. ANN WAUGH POTTS

Mrs. Ann Waugh Potts, 94,  
ed away at her home near Elkin.  
Mrs. Potts was the daughter of  
late Rev. and Mrs. John Waugh.  
Potts is survived by one son, Ge-  
of Cincinnati. Near relatives  
are nieces, Miss Elizabeth Waugh  
Mrs. Clyde Moore, and a ne-  
Harlow Waugh.

## NOTICE

## CAN YOU SUPPLY THE INFORMATION ASKED

The county superintendent's office is preparing a record for each school in the county. When complete this will make up part of the permanent record system now being instituted by the Board of Education. The present record begins with 1910, and when completed will show each teacher for the school until 1961. So far it has been possible in many cases to list all of the teachers for many of the schools. A list of teachers for each school in the county will be published in The Journal, and where blanks occur or where the teacher is listed as unknown, people will assist materially by furnishing the information to the county superintendent of schools. If the office is successful

## HAYSLETT'S LAST PLEA

By John Hayslett, Jr.

I have been reading much lately about the \$10,000 Airport and the Marlinton-Richwood Road. The Board of Trade is strong for both of these. The Council is more in favor of the \$10,000 Airport. Let me make a few suggestions before the town makes a move to buy an airport outside the municipality. It should further its own utility up-keep before thinking of anything else. A few examples of bad upkeep are on North Camden Avenue. The largest corporation tax payers are located there, to-wit: The Union Tanning Co, The Chesapeake & Ohio Railway Co., The Axe Handle Factory, and Williams Saw Mill. These firms, along with the residential sections, are not served satisfactorily with roads, light, water

good road along  
tial section (On  
Building In The  
Alleys Is OK).

I want to make  
the voters, the  
Board of Trade:  
sider The \$10,00  
You Would Think  
to Remodel Up

## SEEDING RATE

farmers in regard  
seeding rates. In  
best use of supplie  
ed that farmers w  
lover and alfalfa  
attention to the op  
or drilling seed and  
lime and fertilizer  
order to obtain a g

Mr. Carter B. H

or fire protection, although they pay more corporation tax than anyone else in Marlinton.

Here are a few things that North Camden Avenue needs: First, one fire hydrant to be located at the Railroad Crossing. The present hose of the Fire Department are not long enough to reach the C. & O. houses, The Axe Handle Factory nor the Saw Mill, much less the residential district on the upper row. Second, one fire alarm box to be located on the upper C. & O. Crossing. The present one is three blocks away, located at the Sam Hinch residence. Third, we need at least three more street lights. At present there are two on the Upper Tannery Row, and four from the Marlin-Sewell Hotel to the Coal Tipple. Last, but not least, we need a

At present there are two on the Upper Tannery Row, and four from the Marlin-Sewell Hotel to the Coal Tipple. Last, but not least, we need a good road along the Tannery residential section (One Like The Town Is Building In The Down Town Back Alleys Is OK).

I want to make my last appeal to the voters, the council, and The Board of Trade: "Before You Consider The \$10,000 Airport, I Wish You Would Think Of A Measly \$300 to Remodel Upper Camden Avenue.

---

## SEEDING RATES TO BE GIVEN

---

As to rates of seeding per acre. Mr.

Minneapolis Lieutenant of Police.

Spanky's main concern is that the badges and buttons are real.

---

## GALFORD GETS 5 YEARS

---

A jury in Circuit Court Tuesday returned a second degree murder verdict against John Galford in the killing of his son-in-law, Frank Jordan, last October 5th. On Wednesday Galford was sentenced to five years in the state penitentiary.

---

Rev. Mr. Shifflet supplied the pulpit at the Marlinton Presbyterian church Sunday morning in the absence of the pastor, Rev. S. B. Lapsley, who is assisted with services at the Cook's Creek Presbyterian church in Rockbridge County, Va.

against the plan.

The returns, (although many have not been tabulated) for Pocahontas county are 14 for and 31 against.

---

## COMING SHOWS

---

Stuart Erwin, who never has had much luck with his real life bridge, was rehearsing for a scene on the set of the Metro-Goldwyn-Mayer comedy, "All American Chump," which plays Thursday at the Rex and Alpine Theatres.

He plays a rustic lightning calculator who sets out to become bridge champion of the world. The cards were dealt, Erwin studied his hand, and nearly fell from his chair.

He held twelve spades. The script required that he lose the hand!
